

Professional Support to Embed SMART Recovery in Your Service

RECOVERY FOR EVERYONE

SMART Recovery Australia now offers tailored support packages designed to help organisations launch, grow, or strengthen SMART Recovery programs.

Whether you're starting a new group, targeting specific communities, or building internal capability, our packages give you direct access to experienced SMART Recovery trainers and facilitators who can support your team every step of the way.

Benefits

Implementation support

Tailored mentoring to build internal capacity

Professional development or co-design support

Short-term facilitation to maintain continuity of care

Co-facilitation to launch groups supporting priority populations

Trained facilitators available (ongoing/casual)

Workshops to strengthen your team's SMART Recovery program delivery

What's included?

Depending on your needs, packages can be used for:

Setting up new SMART groups with priority populations (Yarn, LGBTIQ+, Veterans, CALD etc)

Coaching and mentoring staff to become confident facilitators

Implementation workshops that build shared understanding and practice alignment

Designing culturally safe, inclusive, and sustainable groups

Delivering SMART meetings for your organisation with a peer co-facilitator

Supporting professional development and implementation planning

\$6,000

Need something different?

We offer fully customised packages to suit your service context.

Real Impact in Practice

“The tailored support package from SMART Recovery was transformative. With SMARTS guidance, we co-designed a group that not only met the needs of the LGBTQIA+SB community—including cultural recognition of Sistergirls and Brotherboys—but also reflected Palmerston’s values of inclusion and safety. The collaboration was deeply meaningful, empowering our team with the confidence, tools, and mentoring needed to create a group with its own strong identity. We now have consistent attendance and powerful feedback from participants, proving just how vital this group is to our community.”

— Palmerston Association, WA

LET'S BUILD SOMETHING THAT LASTS

If you're looking to strengthen your SMART Recovery offering or bring something new to your community, we'd love to work with you.
